Amendment No. 0010
05 March 2003

SUBJECT: Amendment No. 0010 to Specifications and Drawings for Construction of
Irrigation Intake/Sloughing Easements For Flow Modification,
Fort Peck, MT
Solicitation No. DACW45 01 B 0007.

TO: Prospective Bidders and Others Concerned

1. The specifications and drawings for subject project are hereby modified as follows (revise all specification indices, attachment lists, and drawing indices accordingly).

a. Specifications. (Descriptive Changes.)

(1) Section 00100 Page 16, delete paragraphs 32. EVALUATION OF OPTIONS and 33. OPTIONS in there entirety.

(2) Section 00800 Page 2, delete paragraphs 1.1, 1.1.1 and 1.1.2 and substitute the following:

"1.1 COMMENCEMENT, PROSECUTION, AND COMPLETION OF WORK (APR 1984)

The Contractor shall commence work under this contract within ten (10) calendar days after the date of receipt by him of Notice to Proceed, prosecute said work diligently, and complete the entire work ready for use not later than the number of calendar days after receipt of Notice to Proceed as set out in completion Schedule below. The time stated for completion shall include final cleanup of the premises. (FAR 52.211-10)

Completion Schedule

<u>Description of Work</u>	<u>Calendar Days</u>	<u>Liquidated Damages</u>
All work complete except for the adjustment options	100 Calendar Days after NTP	\$225
Completion of adjustment	5 days from COR Notice	\$225
Contract Expires	30 September 2005	

1.1.1 Start Work.

Evidence that the Contractor has started procurement of materials, preparation and submission of shop drawings, preparation of subcontracts, and other preparatory work will satisfy the requirement that work commence within ten

(10) calendar days after receipt of Notice to Proceed. Therefore, work need not be commenced at the construction site within ten (10) calendar days.

1.1.2 DIKE MODIFICATION ADJUSTMENT.

After the completion of the initial dike construction, the Contractor will be required to return to the site and adjust the configuration of the 4-foot deep 25' wide notch in Dike #3 and make other minor adjustments to all the Dikes. The notch will require adjustments to allow for the scouring flow through the dike, and to keep the water inlet pipe open and from silting in. The Contractor will adjust the notch by moving it either toward the bank (within the limits of 25') or up to 50' farther out on the dike. The Contractor will also be required to adjust the depth of the notch from the 4'-design depth to a range between 0' and 10', as directed by the Contracting Officer's Representative. Other adjustments to the dike geometry may be required as directed by the COR.

A total of two adjustments will be required during the life of the contract (See bidform 00010-3). The Contractor will be notified by the Contracting Officer and the Contractor will have 72 hours to begin work at the site, to accommodate loss of flow to the water intake. Work on the dikes must be completed within 5 days of being notified. The exact dates the adjustments will be needed are unknown, however it is anticipated that an adjustment will be required during the month of May 2004 and a second adjustment in the month of May 2005. The COR will contact the Contractor by 15 April of each year for initial adjustment assessment and coordination. Note: The two adjustments may occur at any time during the contract and are not limited to the month of May.

Should additional rock be needed for the adjustments, rock may be obtained from the base of the dike."

(3) Amendment No 9, item 3., located near the end of Amendment No 9, the bid opening date should read: "Bids will be received until 2:00 p.m., local time at place of bid opening, 12 March 2003. "

b. Specifications (New and/or Revised and Reissued). Delete and substitute or add specification pages as noted below. The substituted pages are revised and reissued with this amendment.

Pages Deleted

00010-3

Pages Substituted or Added

00010-3

2. This amendment is a part of the bidding papers and its receipt shall be acknowledged on the Standard Form 1442. All other conditions and requirements of the specifications remain unchanged. If the bids have been mailed prior to receiving this amendment, you will notify the office where bids are opened, in the specified manner, immediately of its receipt and of any changes in your bid occasioned thereby.

a. Hand-Carried Bids shall be delivered to the U.S. Army Corps of Engineers, Omaha District, Contracting Division (Room 301), 106 South 15th Street, Omaha, Nebraska 68102-1618.

b. Mailed Bids shall be addressed as noted in Item 8 on Page 00010-1 of Standard Form 1442.

3. Bids will be received until 2:00 p.m., local time at place of bid

opening, 12 March 2003.

BIDDING SCHEDULE

<u>Item No.</u>	<u>Description</u>	<u>Estimated Quantity</u>	<u>Unit</u>	<u>Unit Price</u>	<u>Amount</u>
<u>Basic</u>					
1.	Entire work, complete, for stone as shown on the drawings and in the specifications	3,865	Tons	\$_____	\$_____
2.	All remaining work, Except for adjustments listed below	L.S.	Job	-----	\$_____
3.	First Adjustment of the Dikes	L.S.	Job	-----	\$10,000
4.	Second Adjustment of the Dikes	L.S.	Job	-----	\$10,000
TOTAL AMOUNT					\$_____

Notes:

- Quantities for unit priced items are estimated only and the respective unit price will prevail in the event of an overrun or underrun subject to Contract Clauses (Section 00700) Clause "Variation in Estimated Quantities."
- Bid prices must be entered for all items of the schedule. Total amount bids submitted without bid prices being entered on individual items will be rejected. Extensions will be subject to verification by the Government. In case of variation between the unit price and the extension, the unit price will be considered the bid. In case of variation between the individual bid item prices and the total amount, the individual bid prices will be considered the bid.
- A modification to a bid which provides for a single adjustment to the total amount bid should state the application of the adjustment to each respective unit price and lump sum price affected. If the modification is not so apportioned, the single adjustment will be applied to Item No. 2 in the Bidding Schedule.
- See Section 00800, Part 1 for more information on the Adjustments.
